The PAA is committed to provide a safe, caring and friendly environment for all members. If bullying does occur, incidents will be dealt with promptly and effectively.

What is bullying

Any use of aggression or taunting with intent to cause harm to the victim, bullying may be physical or emotional and in serious cases may be physical or emotional and in serious cases may also be discrimination. Bullying may be done by phone, email, SMS or other means.

How we handle Bullying

If bullying is occurring during team related activities we stop the bullying on the spot using the following steps:

- Intervene immediately, It is ok to get another adult to help
- Separate the parties involved
- Make sure everyone is safe.
- Meet any immediate medical or mental health needs.
- Stay Calm. Reassure those involved, including bystanders.
- Model respectful behaviour when you intervene.

To achieve an outcome:

- Keep all parties separate while gathering the facts.
- Get the story from all relevant sources, and gather all available information regarding the circumstances under which the incident occurred.
- Listen without blame.
- Don't call the act "bullying" while you are trying to understand what took place.

With all these facts we determine if it is bullying. There is much behaviour that looks like bullying but require different approaches.

- a) Review the definition of bullying
- b) To determine if the behaviour is bullying or something else, consider the following questions
 - i. What is the history between the parties involved
 - ii. Have there been past conflicts
 - iii. Is there a power imbalance? Remember that a power imbalance is not limited to physical strength and can include things like "popularity" and "conflict of interest"
 - iv. Has this happened before? Is the victim worried it will happen again?
- c) Remember that it may not matter "who started it" Some people who are bullied may be seen as annoying or provoking, but this does not excuse the bullying behaviour.
- d) Once the situation has been determined as bullying support all of the parties involved while the PAA considers an appropriate conclusion to the situation.

15.8 PAA Representative Uniform

- a) All PAA representative players must play in their registered uniform.

- b) All PAA representative players must present in the agreed dress uniform, including blazer, as requested.
- c) Representative uniforms are to be approved by the PAA following submission by the Team Manager or Coach. Any uniform changes are to be first approved by the PAA Board.

Only teams recognised by the Australian Sports Commission may be permitted to use the Arms or where, after consultation with the Commission, the Minister or his or her delegate is satisfied that it is appropriate for a team to receive permission. Permission, where granted, will allow the Arms to be displayed by representative sports persons on their playing and dress uniforms and by accompanying officials on their dress uniforms. Permission will not extend to use on merchandise and sponsors material. Each approval is for one competition only.
